

Changed The Same

Called to death my sin is gone
My King has fought a valiant war
Victory through sacrifice
When justice took His very life

Visions of a Kingdom come
Now thrown into this fallen world
Hearts for God, yet hearts of stone
I need Your grace more than ever before

Saved by grace and changed the same
Glory to Your wonderful name
For surely I would live in vain
If not for the grace that my Savior brings

Now I possess no saving power
No deed will prove me reconciled
Now mercy joined what I did part
And mercy now will change this helpless heart

Saved by grace and changed the same
Glory to Your wonderful name
For surely I would live in vain
If not for the grace that my Savior brings
